

## Trend Colors 1

Except curtain-eyelets have a functional purpose we believe that eyelets give the finishing touch to curtains. Almost continuously we follow the latest trends in curtain market and we develop new designs or trendy colors. With new colors or special treatments we like to match our eyelets with trends in curtain poles and textiles. Trend color cards will change frequently. **Original colors may seem different on print than in reality!**

## Trend Colors 2

Metallic eyelets, laser effects and nature colors match very good with brown colored or metallic curtain poles. Glitter and Strass eyelets are handmade eyelets and match perfectly with luxurious curtain poles or textiles. Print eyelets are eyelets made with sublimation technique. A very easy solution to customize your eyelets for small quantities. Any personalized print is possible. **Original colors may seem different on print than in reality!**
